

The intent of our PE curriculum is:

All children will take part in PE lessons building knowledge and skills in a broad range of sports and activities. They will develop physically and mentally to become active and resilient learners. Children will be inspired to lead a healthy and active lifestyle and develop a life long love of sport.

Aims:

The children will have access to PE in accordance with the National Curriculum 2014. It is our intention that throughout their time at Broomwood, they will achieve the following required aims:

- Develop competence to excel in a broad range of physical activities
- Are physically active for sustained periods of time
- Engage in competitive sports and activities
- Lead healthy, active lives

The implementation of our PE curriculum is:

- Through using Primary PE Passport, a broad range of sports and activities will be planned for all pupils.
- Short term and long-term planning ensures that skills and knowledge are developed across units of work and year groups.
- All pupils will have access to two sessions of high-quality PE each week.
- In PE lessons: technology is used to introduce new skills through examples of elite performance; a range of fun warm ups are used to prepare pupils for the lesson; specific skills are modelled and developed through a range of activities and pupils are given the opportunity to apply the skills in competitive games.
- Through intra-school competition pupils have the opportunity to apply their skills in competition against their parallel year group class at the end of each unit of work.
- Formative and summative assessments are used to monitor pupils progress and identify any gaps in their skills or knowledge.
- Following the publication of 'Childhood obesity: a plan for action' by the Department of Health we ensure 30 minutes of moderate to vigorous activity is provided for all pupils. We achieve this through active lessons, activities at break times, extra-curricular clubs and a mile run at least 3 times every two weeks.
- Pupils have the opportunity to represent the school in a range of sports, competing in inter-school competition. Links are also made with local clubs to provide pathways into sports clubs for gifted and talented pupils.

The impact of our PE curriculum is:

Our PE curriculum enables children to develop the skills and knowledge they will need to lead a healthy and active life. Through engaging lessons, they will be inspired to continue to be active and try new sports and activities in later life. Pupils will be able to confidently take part and compete in a range of sports and will be able to competently swim at least 25 metres
